

Dear Sharon, Thomas, and Albert.

For over 2 yrs since 2017, everything in our San Jose City seems to change a lot; however, I wish you all good luck and happiness.

Dear Sharon, Thomas, and Juarez, representing Little Saigon San Jose Initiatives and Development, working along with The Vietnamese American Community in Northern California, I would like to send you this email to notify you about a serious issue of one of the Little Saigon banners.

1. One banner is torn away at bottom, hanging and flying in the air and if its top be cut off by strong wind then something hazardous might happen; such as, it falls down on the street and covers the front windows of the cars moving fast on Story Rd.
  2. One banner is so old and faded, needs to replace with a new one.
  3. One light pole is missing a banner, so we need to hang a new banner at this location.
- I attached the pictures of the banners which need to be taken care of.

Please reply to us so quickly as we are so worrying of the stormy weather is impending. Thank you very much, and we appreciate your consideration.

Sincerely,

Hoang Hoa

Little Saigon San Jose Initiatives and Development
